

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

Congratulations! In your new leadership role, I urge you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses, regardless of how little I may use long distance. Seriously, I use no more than 20 minutes in a quarter.

The Keep USF Fair Coalition submitted the Fair Share Plan to the FCC on January 31, 2005. It expands who pays into the USF so that other technologies - not just phones - pay into the system. The Fair Share Plan collects the USF using a combination numbers- and revenue-based plan. This keeps the system fair, equitable and non-discriminatory.

Under the flat fee or numbers-based plan that is being considered, people like me who make only a few long distance calls would pay the same as ,for instance, a large law practice using thousands of minutes each month.

I urge you to keep the USF fair, and adopt the Fair Share Plan. My heart-fel good wishes are with you in your new position. Thank you for your consideration of my message.
Sincerely, Gregg Taylor, 5700 Esperanto Dr., Pensacola, FL 32526
